

# SELECT-SAT™

Dry Nonwoven Poly-Cellulose Wipes + Resealable Tub  
- Ready to add the solvent of your choice!

## DESCRIPTION

These dry cleanroom wipes are cleanroom-packaged in a reusable custom made container and ready to be saturated with the solvent of your choice.

SELECT-SAT™ dry cleanroom wipes are made of virgin polyester and cellulosic fibers and are virtually lint-free and chemically pure. These wipes are clean-cut and have no nubs or long strands of loose fibers that are found on perforated roll wipes. They are suitable of use in a variety of controlled environments.
