

17" x 11" Free-Sat™ Polypropylene Wipes

Industrial, Automotive, Aerospace Surface Prep Wipe, Presaturated with 85% IPA / 15% DI Water, 17" x 11"

DESCRIPTION

Our FREE-SAT™ **FS-NTP-1711.85** 17" x 11" polypropylene wipes are presaturated with 85% isopropyl alcohol / 15% DI water. They are the perfect presaturated surface preparation wipe for industrial, automotive, and aerospace applications. Made of 100% meltdown polypropylene, these wipes are extremely clean, free of additives and feature a very high level of absorbency. They are packed in convenient resealable pouches making it easy to dispense one wipe at a time. Furthermore, they contain four clean-cut edges designed to eliminate fiber contamination.

ORDERING

Item	Size	Wipes/Bag	Bags/Case
FS-NTP-1711.85	17" x 11"	50	20
